OUR PAYMENT POLICY

Your health is very important to us and we want to continue to be here when you need us!

- If you have insurance: Medicare, Medicaid or Private Insurance, notify the receptionist in the front desk.
- If your insurance information changes in the future, notify us at the time of your visit. Please note that almost all major Insurance Companies have a 90 days filing limit. Be aware that most Insurance Companies don't cover 100%. There's a big possibility that you will end up with a balance.
- All co pays, deductible, coinsurance and account balances are to be paid prior to seeing the doctor.
- If you have no insurance your situation will be reviewed and a reasonable fee will be determined. It is expected that you will pay that reasonable amount at the time of your visit.
- If you do not show for your appointment and you do not call within 24 hours to cancel or reschedule, there will be a \$25.00 charge.
- If you have four no-call/ no-shows, you will no longer be able to schedule an appointment.
- Statements go out every month. If payment is not received within 60 days, your account will be turned over to our collection agency.

With each patient taking responsibility for their portion we will be able to continue to provide you with quality Healthcare. By working together we will ensure that NW Endocrinology & Diabetes is available to all who needs us.
